Project Initialization and Planning Phase

Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	An IT Service Desk Agent handling incident tickets in ServiceNow.	Ensure all high-impact incidents have an assigned technician and correct urgency before submission.	Agents often forget to fill mandatory fields or set incorrect urgency values manually.	There is no automated field enforcement or validation on the Incident form.	Frustrated that data quality issues lead to SLA breaches and delayed resolutions.
